Report from Matanzas—Inspection and fumigation of vessels.

Acting Assistant Surgeon Nuñez reports, June 24, 1907:

Week ended June 22. 1907. Bills of health issued to 6 vessels leaving for United States ports: Two health and acclimation certificates, and 2 of protection from smallpox were granted to passengers bound for New York by way of Habana, and directly from this port; 2 vessels were fumigated, the Norwegian steamship *Ole Bull*, having 19 crew and no passengers, destined for Mobile, and the Spanish trans-Atlantic steamship *Catalina*, with 54 crew, no passengers, bound for New Orleans. There was no sickness on board either vessel up to the time of its inspection. Two alien passengers were examined and certified to on the list of immigration, leaving for New York direct on the American steamship *Matanzas*.

No quarantinable disease was reported.

Reports from Santiago—Inspection of vessels.

Acting Assistant Surgeon Wilson reports, June 20:

Week ended June 15. 1907. Bills of health issued to 9 vessels bound for the United States. Three vessels were fumigated.

No quarantinable diseases reported.

ECUADOR.
